

**The Wine - Bold, Supple and Fruity. The Floors - Safe, Slip Resistant and Long Lasting.**

## **Great Wine Production Requires Great Floors**

Wine processing facilities require clean, safe and long-lasting floors. Stonhard has formulated and installed floors in the beverage industry worldwide for over 95 years.

- Stonhard seamless floors are cleaner. There are no cracks or joints for bacteria to develop. Liquids and water have nowhere to get trapped and puddle. Maintenance is simple and neat. And we offer the option of an anti-microbial additive.
- Even in a tightly-run operation in an immaculate environment, guests and employees can fall on wet, slippery surfaces. A slip-resistant floor is protection against falls.
- Seamless floors have longer lifecycles than traditional flooring, leading to less downtime and more production. And no lost time due to repairs.

Stonhard manufactures and installs floors formulated for wineries, standing up to thermal shock and cycling, impact, abrasion foot and equipment traffic, along with spills and stains.

**Stonclad UT**  
**Stonclad UR**  
**Stonshield URI**

Stonhard floor systems stand up to the harshest and most challenging environments and keep production areas safe. From processing areas to cafeterias and tasting rooms, our floors meet both function and form and are offered in standard and custom colors and finishes.

- Withstand thermal cycling/thermal shock
- Resistance to oxidizing agents, organic acids & solvents
- Impact & abrasion resistance
- Products with low VOCs used in installation
- Environmentally safe systems
- Easy to clean
- Specially formulated cleaning products, too!

**Processing Environments**  
**Bottling Areas**  
**Cafeterias**  
**Mixing Areas**

**Concession Areas**  
**Packaging Lines**  
**Traffic Aisles**  
**Restaurants**

Stonhard is a world-leading manufacturer and installer of high-performance seamless polymer floor, wall and linings systems. With our more than 350 Territory Managers and Project Managers worldwide, we work with you from initial design decisions and product selection to completed installation. Our single-source warranty protects you by covering both products and workmanship.

**Long-term solutions, progressive formulations, single-source warranty.**
