PROJECT COLLABORATION - Relevant product solutions, influential color palettes, as well as custom formulations and designs. We partner with you to inspire ideas and support design.

SINGLE-SOURCE DIFFERENCE - We manufacture and install our products and manage the project covering all details, so in the end, we take all the responsibility and make sure the floors are a success.

RESPONSIBILITY & MATERIAL HEALTH - Our floors are installed in human environments. So, it's on us to understand and share the material data and ensure you of our commitment. This is our full-circle promise, from formulating, packaging, and installing to the experts who are involved in every step of the process.

Seamless floors are sanitary floors. When spaces depend on the highest level of protection, our seamless, spotless floors support infection control practices. They're ergonomic and easy to maintain too. Healing colors and influential designs with custom options for hospital operating rooms, commercial kitchens, veterinary facilities, mechanical rooms, and restaurants. Waterproofing systems available.

ELEVATE

REMARKABLE AND RELEVANT

Behind the scenes spaces might not get the spotlight, but they are the backbone to your operations. Restaurants, hospitals, and university and stadium concessions rely on food and beverage service. Industrious commercial kitchens and food service need safe, spotless floors that stand up to extreme temperature changes from equipment and continuous cleaning.
